

Balancing pet care and your budget with MetLife Pet.

As a pet parent, showing your BFF that you care doesn't have to strain your finances, especially when you have MetLife Pet Insurance as part of your plan. Regular vet visits, vaccinations, and unforeseen medical treatments can quickly add up, but with the right insurance plan, you can manage these costs more effectively. You can cover things like:

Accident & Illness

- Accidental injuries and illnesses
- Medications
- X-rays and diagnostic tests
- Hereditary conditions
- Congenital conditions
- Chronic conditions
- Holistic/alternative therapies
- And more!

Preventive Care Coverage (optional)

- Spay or neuter
- Vaccinations
- Teeth cleanings
- Blood panel
- Heartworm test
- FeLv test
- Fecal test

Plus, you have the option to cover multiple pets with MetLife Pet's family plans.¹

- Enroll up to three pets under one policy (mix of cats and dogs)
- One annual limit that can be shared across all pets in the family plan
- Customizable plan options
- One annual deductible per policy
- No per-pet coverage limits

Access 24/7 live vet chat² for immediate assistance.

- MetLife Pet policyholders with a MyPets account will have complimentary access to 24/7 live vet chat.
- Licensed veterinary professionals can provide the guidance you need—from general questions to support identifying urgent care needs, whenever you need it via the MetLife Pet app.
